IMPORTANT TO PLANTERS.

ONE of the most troublesome diseases on plantations, and especially among children, is Diarrhea, and when it takes the form of Summer Complaint or Cholera Infantum, it very often proves fatal. DR. BILLINGS' CARMINATIVE AND ASTRINGENT SYRUP is a safe and certain remedy in all these forms of disease, and no Planter should be without a few bottles among his medical supplies.

Hundreds of certificates have been received from planters, attesting its great virtue. In all its purity by O. WOODMAN & CO.
